## Peace of mind for a common expense

Does your **MOTORCYCLE, SCOOTER, SIDE BY SIDE, ATV, DIRT BIKE, SNOWMOBILE OR PERSONAL WATERCRAFT** battery keep dying? It can be very frustrating when your Powersports vehicle will not start!

The reason your battery dies is likely due to non-operation or sitting for too long. Unlike your car, which you drive daily, your powersports vehicle battery will die if not used often. The battery needs regular use to maintain longevity to keep it going for years. Whether you use your vehicle daily or seasonally, your battery will eventually need to be replaced.

Protecting your investment with a Rider's Advantage Lifetime Battery Agreement provides peace of mind from a common expense and gets you back to fun.
